Mr. Jim Hemmelgarn
Simpson Strong-Tie Company, Inc.
2600 International Street
Columbus, OH 43228

Dear Mr. Hemmelgarn:

Based on the evaluation reports and the successful field application on a RIDOT project, the following adhesive system:

Acrylic-Tie Adhesive

is acceptable for use on Rhode Island Department of Transportation highway construction projects. Individual project use will depend on the application need. Continued satisfactory field performance will be required and Simpson Strong-Tie Company must inform this office of any changes to the material.

Sincerely,

Deborah Munroe
